Quality Education Through Collaborative Services

March 10, 2021

To Whom It May Concern,

After following and seeing Dr. Joe Clark's positive presence on Twitter and learning about his book, *If the Dance Floor is Empty, Change the Song*, we contacted Joe about presenting some professional development to our county school administrators. He did an excellent job in addressing what the heart of our schools and districts are all about—our missions, our teams, and our communities. He inspired our group with personal experiences and reflections, humor, and relevant ideas and information. I would highly recommend him if a district or team is looking for high-quality professional development focused on educational leadership. Joe is a great choice and has great material to share.

Marie Williams, Director of Teaching and Learning
